CRIME IN COLORADO

Colorado Bureau of Investigation

UNIFORM CRIME REPORT 1979

Richard D. Lamm, Governor

Department of Local Affairs
Colorado Bureau of Investigation

John R. Enright, Director

The CBI Criminal Information Program strengthens law enforcement effectiveness by providing rapid and efficient exchange of documented police information for Colorado law enforcement and criminal justice agencies. This report is one by-product of the program, and gives an accounting of the nature and extent of criminal activity reported to authorities.

Law enforcement managers may use this information to make comparative evaluations of their own agencies with others of similar size statewide. Elected officials may wish to use this report while developing legislative programs to deal more effectively with criminal problems in Colorado.

Please let us know how we might improve the design or content of this document to make it more useful to you. We welcome your advice and comment.

We give special thanks to the Sheriffs and Chiefs of Police of Colorado without whose support the CBI would have been unable to produce this material. Local law enforcement agencies statewide, who work with this information daily, have incurred considerable expense in making necessary reports of crime, fugitives, and stolen property.

The assistance provided by the Federal Bureau of Investigation and by the Policy Advisory Board of the Colorado Crime Information Center (CCIC) has been invaluable.

STATUTORY AUTHORITY

24-32-401 Colorado Bureau of Investigation

There is hereby created an agency of state government which shall be known as the Colorado Bureau of Investigation, referred to in this Part Four as the "bureau" and which is placed under the Department of Local Affairs of the state of Colorado as a division thereof.

24-32-412 (1) (C) (As Amended by House Bill 1597) Functions of Bureau

To establish and maintain fingerprint, crime, criminal, fugitive, stolen property, and other identification files and records; to operate the statewide Uniform Crime Reporting Program; and to arrange for scientific laboratory services and facilities for assistance to law enforcement agencies, utilizing existing facilities and services wherever feasible.

24-32-412 (5) (As amended by House Bill 1597) To assist the bureau in its operation of the Uniform Crime Reporting Program, every law enforcement agency in this state shall furnish such information to the bureau concerning crimes, arrest, and stolen and recovered property as is necessary for uniform compilation of statewide reported crime, arrest, and recovered property statistics. The cost to the law enforcement agency of furnishing such information shall be reimbursed out of appropriations made therefor by the general assembly; except that the general assembly shall make no such reimbursement if said cost was incurred in a fiscal year during which the Colorado Crime Information Center was funded exclusively by state or federal funds.

INTRODUCTION

THE COLORADO UNIFORM CRIME REPORTING PROGRAM

Two hundred twenty-one Colorado law enforcement agencies reported crime statistics to the CBI during 1979. This included 60 sheriff's departments and 161 municipal and other local agencies.

The on-line incident by incident phase of the State Crime Statistics Program included 49 of the above agencies incorporating edits to minimize operator error. This direct input is supplemented by the entry of the hard copy summary reports by the CBI staff. The statistics are collected and stored in the Colorado Crime Information Center (CCIC) computer.

Eventual conversion to computerized reporting by all law enforcement agencies would eliminate the time consuming task of manually preparing the monthly summary reports.

Agencies reporting Part II offenses to the CBI via CCIC receive monthly and annual summary reports from the CBI concerning those Part II incidents.

TRAINING ASSISTANCE

The staff of the CBI Training Unit provides continuing quality control, monitoring, and training assistance to the personnel of over 250 criminal justice agencies statewide. This assistance insures that accurate, complete, and properly classified crime information is identified, recorded, and reported.

Files maintained relate to crime, arrests, arrest disposition, fugitives, and stolen and/or recovered property. The Training Unit also assures proper use by over 2,000 CCIC terminal operators of the state and national law enforcement communications systems.

During 1979, the Training Unit staff included:

Sidney A. Morehouse, Supervisor
Dennis R. Hemphill
Kenneth H. Kishiyama
Joni E. Allen

UNIFORM CRIME REPORTING INDEX OFFENSE DEFINITIONS

These terms are defined uniformly nationwide to assure reasonable validity in comparing one state's reported crime to that of another state, regardless of differences among states' statutes.

1. **Criminal Homicide** - The willful killing of one human being by another.

2. **Forcible Rape** - The carnal knowledge of a female forcibly and against her will.

3. **Robbery** - The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or putting the victim in fear.

4. **Assault** - The unlawful attack by one person upon another. Aggravated Assault - An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

5. **Burglary** - The unlawful entry of a structure to commit a felony or a theft.

6. **Larceny-Theft** - The unlawful taking, carrying, leading or riding away of property from the possession or constructive possession of another.

7. **Motor Vehicle Theft** - The theft or attempted theft of a motor vehicle.

THE INDEX OF CRIME

The crime index consists of the seven most commonly reported offenses which compose the Part I crimes: murder, forcible rape, robbery, aggravated assault, burglary, larceny-theft, and motor vehicle theft. (Excludes "manslaughter by negligence and simple assaults"). The tabulations on the following pages present a summary picture of Part I crimes for the State of Colorado. Reference to the Uniform Crime Reporting definitions of each of these crimes should be made for a more precise understanding of what kinds of criminal activity these statistics represent.

The seven index crimes are also divided into two groups to enable further analysis. The categories and their components are:

VIOLENT CRIMES	PROPERTY CRIMES
Murder	Burglary
Forcible Rape	Larceny-theft
Robbery	Motor Vehicle Theft
Aggravated Assault	

For 1979, both the number of actual offenses reported and the rate of occurrence increased. The crime rate is the number of actual crimes reported for every 100,000 inhabitants. Based upon a 1979 estimated Colorado population of 2,716,000 the crime rate rose 5.2% while the actual number of reported offenses increased 7.3%. Both the violent crime and property crime totals increased in 1979. The chart below reflects those changes.

COLORADO ARREST DATA

As a part of the Uniform Crime Reporting Program, submitting agencies are required to report monthly the number of arrests made for offenses committed within their jurisdictional limits.

There is no direct correlation between persons arrested, the number of offenses reported or the number of offenses cleared. Several persons could be arrested for the same offense or the arrest of one person may clear several offenses. A person is counted only once each time arrested. Therefore, if a person is arrested but wanted for several crimes within the same jurisdiction, he or she would be scored only once for the most serious crime in accordance with the hierarchy rule. The same process is applicable whether the arrestee is adult or juvenile.

Volume and Rate

Reported arrests in Colorado totaled 149,682 for Part I and Part II crimes in 1979. This represents a 10.1% increase over 1978. There were 5511.1 arrests per 100,000 persons in 1979 as compared with 5104.3 per 100,000 persons in 1978. Part I arrests accounted for 28.1% of the total arrests. Of those Part I offenses, Larceny-Theft comprised the greater portion of arrests with 18.1%. The greatest percentage of Part II arrests were for All Other Offenses (except traffic), 23.7%, followed by Driving Under the Influence, 11.3%. During 1979, arrests for violent crimes (Murder, Forcible Rape, Robbery and Aggravated Assault) accounted for 12.5% of all Part I arrests and 3.5% of the total arrests.

Arrests by Age

The number of persons under the age of 18 (Juvenile) arrested during 1979 increased .1% over 1978. Arrests of juveniles for Part I crimes decreased 1.2% below 1978. The number of persons over the age of 18 (Adult) arrested during 1979 increased 14.1% over 1978. Arrests of adults for Part I crimes increased 15.0% over 1978.

CRIMINAL HOMICIDE - SPECIAL SUPPLEMENT

Criminal homicide is defined as the willful killing of one human being by another. It is the one offense in the Uniform Crime Reporting Program for which detailed information is received for each reported offense. This type of data collection permits the analysis of homicides in terms of characteristics of the victims, the offenders, and the circumstances surrounding each offense. The benefits of this type of analysis are apparent. Namely, simple offense counts are complimented with the examination of complicated interrelationships ultimately producing a much more informative and functional overview of homicide offenses.

In this report, basic homicide data is focused on certain victim, offender, and weapon characteristics. These characteristics provide us with a contrastive profile of homicide in the state of Colorado.

VOLUME AND RATE

The following data applies only to murder and non-negligent manslaughter and does not encompass negligent manslaughter. In 1979, there were 164 murders and non-negligent manslaughters that were reported and determined as actual. There were 130, of the 164, reported murders and non-negligent manslaughters cleared either by arrest or exceptional means.
